INTRODUCTION

Pammi Nanda Foundation steps into their 7th year of continuous service to the society with the mission symbolized by the 7 leaves of their logo: -

- Togetherness
- Education
- Livelihood
- Health
- Growth
- Life skills
- Scholarship

The foundation has existed on principle of equality for all and especially to those who do not possess it. Our mission has sought to provide for the underprivileged with education and to contribute to society positively and advance human achievement. We believe that education is the paramount pre-requisite of a comfortable life and knowledge is power, which eventually leads to progress. The foundation finds their strength everyday by providing to the needy and to make thousands of people happy by providing education, to see a smile on somebody's face that didn't have a reason to do so is the greatest part about our initiative.
